

The Royal Glenora Club and Racketlon, a perfect fit.

Having played in many tournaments across Canada, I have to admit I was greatly impressed by this venue and by the staff running the tournament. It is not often that we get to play on international level ping-pong tables in Canada, the badminton courts were fabulous with the wooden floor being perfectly clean, fast, brand new and neat squash courts and excellent tennis courts were what players were offered by playing this great event.

The staff (Jordan and Gary, the club pros) were doing an excellent job at the control desk and the schedule was followed meticulously. The 77 participants all had a great time, friendships were built, new skills learnt and muscles stretched to the limit of their capacity... (and I can testify for that).

I have a special thank you for **Dansol** president Danny Soleja, he is one of the nicest fellow you can find. He organized a buffet breakfast (free) every morning, had chauffeurs to drive us from the hotel to **Dansol's** office for breakfast, then to the venue; isn't that what we all wish for when travelling? The players' dinner on Saturday was excellent and the food plentiful. Many thanks also to the beautiful Renee, Danny's assistant, she did her best to accommodate the players. Finally I don't think this tournament would have been possible without the involvement of Hyacinthe Fallu, he works for **Dansol** but his enthusiasm towards racketlon became contagious and the commitment he made by contacting Racketlon Canada and planning this event is at the origin of this success.

Thank you guys and see you next year.

Rod Bedard

President

Racketlon Canada
