

## 2012 World Championships and video of 2011 World Championships

The World Championships of Racketlon will begin on October 29, 2012 in Stockholm. The draws are already online at <http://www.resultreporter.com/node/124298/draws/list> and you can use the same link to see the results during the tournament. Five Canadians are playing this year. They are Jean-Michel Audet, Patrick Jr. Laplante, Dany Lessard, Evan Mancer and Omar Samad. Jean-Michel Audet who is on its first experience on Racketlon outside of Canada, will meet first round a player from Czech Republic, seeded no. 9 and might play in the second round against the number one seeded in Junior under 21 category, Lucas Windischberger. A lot of hard work is waiting for Jean-Michel, but who knows what the outcome will be? And there is Patrick Jr. Laplante seeded number two in Juniors 21. He was runner-up last year and has an excellent chance to get the World title this year. Best of luck to all !

And if you cannot wait to see some action or hear comments from players, please have a look at last year World Championships in Vienna. This video was made by Nicolas Lessard Perez and Jamie Coveny. Thanks a lot guys. Use the following link.
